

LOVE IN ACTION

Year in Review 2025

At PACN, *Love in Action* isn't just a phrase—it's our calling.

It's love that steps into brokenness, meets women right where they are, and offers truth, courage, and hope.

Over the past year*, PACN had the privilege of serving more than 4,400 individuals on the frontlines of ministry. Each number represents a life touched, a family supported, and a moment where love was put into action. **Your partnership makes this possible.**

Although we have much to celebrate, the fight for life is not over. While abortion is no longer legal in Texas, access to abortion pills online has increased dramatically—placing countless women in dangerous and isolating situations. PACN is meeting this challenge head-on through medical services like our **Medical Plus program, Abortion Pill Reversal**, and our newest service, **First-Trimester Prenatal Care**.

Very few pregnancy centers in Texas offer this level of early medical care, making PACN's new prenatal services a vital and groundbreaking step in protecting both mother and baby from the very start. These early prenatal appointments offer reassurance and encouragement while also providing continuity of care at a time when women need it most.

Your **impact** doesn't stop there. Every gift opens the door for clients to receive no-cost medical care, education, and the life-changing message of the Gospel. This is the foundation of all we do—and it's what transforms services into ministry.

As you reflect on God's faithfulness this year, would you prayerfully consider saying "yes" through a special year-end gift to PACN, demonstrating that love is not merely spoken, but a force that transforms lives and brings light to the darkest places.

Join us in saying **"YES!"** by making your special year-end gift online or by sending a check in the enclosed envelope.

With deep gratitude,

Jennifer Perregrino, Executive Director

"Dear children, let us not love with words or speech but with actions and in truth." | John 3:18

“ PACN is the reason my sweet baby boy is here today. Their love and support has made all the difference. ”

Touching Lives Through *Love In Action*

After an unexpected hospital stay and emergency surgery, Emily came to PACN—overwhelmed and frightened. She had just learned she was pregnant again.

Still recovering physically and emotionally, Emily sat with our nurse and shared her story: **2 previous abortions, one precious six-year-old daughter, a complicated relationship with the baby’s father.**

Tearfully, she admitted, “He’s pressuring me to have an abortion unless I move to where he lives. But that would uproot my daughter—and I just don’t know what to do.”

Thanks to you, Emily didn’t have to face that moment alone. She met with her client care manager, Stephanie, who listened with compassion, offered practical help, and gently asked, “Would you like someone to pray with you?” Emily said yes and for the first time, she felt a spark of hope.

When Emily saw her baby’s ultrasound—the tiny flicker of a heartbeat—she whispered, “Can I have a picture?” It was a simple request, but a powerful turning point. That image reminded her that life was growing inside her.

Over the following weeks, your support allowed Emily to continue care through PACN’s First-Trimester Prenatal Program. Our Nurse Practitioner, Shannon, walked

beside her through tears, doubts, and uncertainty reassuring her, “You’re not alone. We’re here with you every step of the way.”

Then two weeks later, Emily returned smiling, full of joy. “I’ve decided to continue this pregnancy,” she said. “I’m so thankful for you and PACN—without this care, I probably would have made a decision I’d regret forever.”

Because of *you*, Emily found the strength, support, and hope she needed to choose life. **Your generosity made it possible for PACN’s medical and spiritual teams to be Love *in Action***—to give her the time, care, and encouragement she needed to say “yes” to LIFE.

**PACN has provided

Putting Love *in Action*: Why the Albers Give

I once read a beautiful truth on the LCMS (Lutheran Church Missouri Synod) website:

“Human life is not an achievement. It is a gift—created in God’s image and known and loved by Him. No one is worthless whom God has created and for whom Christ died.”

Sadly, this sacred view of life has faded over the past 50 years as abortion has become tragically routine. Our culture has grown desensitized to the loss of the most innocent and helpless among us—the unborn.

That’s why we support PACN, where women are met with compassion, offered real choices, and reminded that both they and their children are precious gifts from God, made in His image.
